Public summary

Deliverable 1.1

D1.1 – “Project Management Plan including first draft of quality assurance and risk management plan”, is a confidential deliverable related to the project management (WP1) of the NextBase project.

The core of the document covers the management aspects of the project including governance structure, work plan based on the Description of Action (Annex of the Grant Agreement for this project); but it also includes:

- a further detailed overview of the procedures implemented for the project management and monitoring (technical and financial)
- change management
- rules for internal and external communication
- IPR management issues

Further the deliverable addresses the first draft of the project quality assurance and risk management plan, these two important aspects of each collaborative project are going to be further updated and discussed among the partners during the entire project lifetime. An update (and related deliverable D1.2) is planned at M18.

Deliverable 1.2

“Generate quality assurance and risk management plan”

Due in month 18, March 2018

Deliverable 1.3

“Update of the project management plan”

Due in month 18, March 2018
