HORIZON 2020 PROGRAMME

TOPIC H2020-LCE-2016-RES-CCA-RIA

Improved electrolysis for distributed hydrogen production

GA No. 727523

**Next – generation interdigitated back-contacted silicon heterojunction solar cells and modules by design and process innovations**

## **NextBase – Public Summary**

**Work package 2 – Dissemination, exploitation, internal and external communication**

<b>Work package</b>	2: Dissemination, exploitation, internal and external communication	
<b>Dissemination level</b>	Public (PU)	
<b>Status</b>	Version 1	2017-01-12
<b>Related deliverables</b>	D2.1, D2.2, D2.3, D2.4, D2.5, D2.6	
<b>Document type</b>	Ongoing: will be completed after every finished related deliverable.

Neither the European Union institutions and bodies nor any person acting on their behalf, may be held responsible for the use which may be made of the information contained therein.

## Public summary

### **Deliverable 2.1**

This deliverable describes the NextBase project identity, consisting of project logo, website, templates for reports and presentations, and the explanation of the setting up and use of the dissemination database (possible stakeholders and/or end users, interest groups, contact details and general info).

The internal (/partner restricted) website was initially prepared and launched among partners during the grant preparation phases. After the project start (1 October 2016), the internal website was updated and extended and the work for setting up the external public website commenced. The website was launched, in November 2016, under the domain [www.nextbase-project.eu](http://www.nextbase-project.eu).

The deliverable also shows the setup of the NextBase project templates, which incorporate the graphical logo which was created uniquely for the project. The templates are created to support project presentations, deliverables, meeting documents and reporting requirements. A short description of the possible project flyer is presented.

Furthermore, this document reports on the setting up of a dissemination contact database, meant to collect contact details from possible stakeholders for dissemination purposes.

### **Deliverable 2.2**

“First draft dissemination plan”

Due in month 12, September 2017

### **Deliverable 2.3**

“First draft exploitation plan”

Due in month 12, September 2017

### **Deliverable 2.4**

“Dissemination plan”

Due in month 24, September 2018

### **Deliverable 2.5**

“Exploitation plan”

Due in month 30, March 2019

### **Deliverable 2.6**

“Newsletter for project new developments and results after each year”

Due in month 36, September 2019
